MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Revised Personnel Ceiling, Fiscal Years 1956 and 1957

REFERENCE: a. DD/S memo dtd 5 Aug 1955 with attachment.
b. DD/P/Admin memo to DD/A dtd 27 Jan 1955, copy attached.

1. In accordance with your memorandum of 5 August and the DCI memorandum of same date, submitted below is Commercial Staff's revised Personnel Request for Fiscal Years 1956 and 1957:

	Current Ceiling	Requested FY 1956	Requested FY 1957	Revised Per Ref. A. FY 1956	Revised Per Ref. A. FY 1957
Vouchered					
Unvouchered					
Totals					

25X9A2

2. Commercial Staff's request for an increased Personnel Ceiling was based on the factors outlined in the attached reference in an attempt to provide more extensive and comprehensive commercial support to the proprietary activities of the Agency. Without this additional personnel, the Commercial Staff can continue to operate at approximately its present level of support, but will be unable to undertake any additional support in terms of: (a) increased direct responsibility in certain active and liquidating projects, (b) more extensive participation in the already assigned projects of the Agency, or (c) any extensive increase in the number of projects to be supported at the present level.

3. Predicated on the limitations set forth above, Commercial Staff's Personnel Requirements for Fiscal Years 1956 and 1957 are re-submitted based on our present Ceiling and "on-duty" strength.
